CONDIZIONI DI VENDITA - SALES CONDITIONS - CONDITIONS DE VENTE - VERKAUFSBEDINGUNGEN - CONDICIONES DE VENTA

AVVERTENZA - Si raccomanda di effettuare tutte le procedure di installazione, manutenzione e riparazione del prodotto MICHE seguendo scrupolosamente le istruzioni fornite dalla casa produttrice nel "Manuale d'uso e manutenzione" (nel seguito il Manuale). Qualora il prodotto dovesse venir acquistato privo di tale Manuale, sarà onere dell'acquirente di richiederne copia al rivenditore; in nessun caso, l'acquirente dovrà procedere all'installazione del prodotto se privo del suddetto Manuale. Considerato, inoltre, che la maggior parte delle operazioni richiedono esperienza e attrezzatura adeguata, qualora l'acquirente del prodotto MICHE si ritenesse non in grado di compierle seguendo le istruzioni del Manuale, dovrà rivolgersi al rivenditore ovvero a meccanico professionalmente qualificato. **UTILIZZO DEL PRODOTTO. CICLO VITALE DEL PRODOTTO E CONTROLLI PERIODICI** - Il prodotto MICHE è stato concepito, progettato e prodotto per essere utilizzato su biciclette da corsa o su biciclette da mountain bike. Il ciclo vitale del prodotto MICHE dipende da vari fattori, quali, a titolo esemplificativo, il peso dell'utilizzatore, le condizioni di utilizzo, la frequenza dell'utilizzo. Un utilizzo improprio del prodotto od altri eventi accidentali accorsi nell'utilizzo ne potranno compromettere l'integrità strutturale, riducendone conseguentemente anche il ciclo vitale. Si consiglia quindi di far ispezionare periodicamente (ogni 3/4 mesi) la bicicletta (sempre, invece, nel caso di incidenti con danni alla bicicletta) da un meccanico specializzato o da personale qualificato per controllare che non vi siano cricche, deformazioni, indicazioni di fatica o usura. Qualora sia riscontrata la presenza di uno di questi fattori, si dovrà procedere alla sostituzione immediata del prodotto. **GARANZIA** - Qualora un prodotto MICHE o un qualsivoglia suo componente dovesse risultare difettoso nel materiale o nella lavorazione, il prodotto o componente in questione verrà gratuitamente riparato o sostituito dalla FAC MICHELIN S.p.A., restando comunque a discrezione della FAC MICHELIN S.p.A. stessa, la scelta di quale dei due rimedi attivare. I diritti derivanti dalla presente garanzia vengono riconosciuti unicamente all'acquirente originario del prodotto MICHE e per acquisti avvenuti nel territorio nazionale; tali diritti non sono quindi cedibili a terzi che avessero ulteriormente acquistato il prodotto dall'originario acquirente. **PERIODO DI VALIDITÀ DELLA GARANZIA** - Il termine di validità per la sostituzione di parti difettose è fissato in 2 anni dalla data di acquisto al dettaglio. **PROCEDURA** - Verranno accettate le sole denunce di difetti - da presentarsi direttamente al rivenditore presso il quale è intervenuto l'acquisto - compiute non oltre il periodo di garanzia (farà fede la data di acquisto riportata sullo scontrino) e, comunque, entro i 30 giorni dall'individuazione del difetto stesso. La denuncia deve essere sempre accompagnata da una dettagliata descrizione del difetto riscontrato. L'eventuale reso del prodotto deve essere preventivamente autorizzato dalla Casa produttrice e comunque venir compiuto unicamente dal rivenditore; non potranno quindi venir accettati da FAC MICHELIN S.p.A. resi che non fossero compiuti per il tramite del rivenditore. **ESCLUSIONI** - La presente garanzia non opera in tutti i casi di negligenza e/o uso improprio del prodotto, normale usura, mancata osservanza delle istruzioni di installazione, uso e manutenzione del prodotto, riparazioni compiute utilizzando ricambi non conformi alle specifiche indicate nel Manuale o non forniti da FAC MICHELIN S.p.A., oltre che in tutti i casi dovuti a circostanze che, comunque, non possono farsi direttamente risalire alla FAC MICHELIN S.p.A.. **RESPONSABILITÀ CASA PRODUTTRICE** - FAC MICHELIN S.p.A. declina ogni responsabilità per eventuali danni che possono, direttamente o indirettamente, derivare in conseguenza della mancata osservanza, anche solo in parte, delle prescrizioni contenute nel Manuale e concernenti, in particolare, le avvertenze in tema di installazione, uso e manutenzione del prodotto. Non verranno comunque riconosciuti indennizzi per l'eventuale temporaneo non utilizzo della bicicletta. **La FAC MICHELIN S.p.A. si riserva la facoltà di apportare modifiche alla produzione in qualsiasi momento e senza preavviso.**

WARNING - It is recommended to carry out the procedures for installation, maintenance and repair of the product MICHE by carefully following the instructions supplied by the manufacturer in the "Manual for use and maintenance" (hereafter the Manual). If the product is purchased without that Manual, the purchaser must request a copy to the dealer; under no circumstance, the purchaser shall install the product without the mentioned Manual. Furthermore, since it is considered that most of the operations require adequate experience and equipment, the purchaser of the product MICHE shall refer to the dealer or a professional mechanic if not considered enabled to accomplish those operations. **USE OF THE PRODUCT. LIFE CYCLE OF THE PRODUCT AND REGULAR CHECKS** - The product MICHE has been created, designed and produced to be used on racers or mountain bikes. The life cycle of the product MICHE depends on several factors, such as, for instance, the weight of the user, the conditions of use, and the frequency of use. An improper use of the product or other accidental events noticed in the use may affect the integrity of the structure and consequently reduce also the life cycle. Thus, it is recommended to have the bike periodically examined (every 3/4 months) (always, instead, in case of accidents with damages on the bike) by a specialized mechanic or by skilled staff to check for cracks, buckles and signs of fatigue or wear.
